

## BIOREVITAL AGE-RETARD

Full of antioxidants to keep you young

### WHAT IT CONTAINS

- Vitis Vinifera : Involved in cell maturation & DNA Synthesis . ( 1 )
- L Glutathione : Powerful antioxidant, binds itself to toxins to be extracted from the body. Essential for producing a specific protein in sperm that is responsible for motility . ( 2 )
- Coenzyme Q10 : most concentrated in the mitochondria of sperm, where flagella propulsion is initiated. Knowing that after the age of 20 it drop . ( 3 )
- Vitamin C : protect sperm from oxidative damage & inhibit sperm agglutination especially in smokers . ( 4 )
- Vitamin E : protect sperm from free radicals, affect sperm motility, morphology, concentration . ( 5 )
- Selenium : Antioxidant, stabilize the integrity of sperm flagella. Affect sperm motility.(6 )

### WHEN TO USE IT

Supports male fertility; suitable for middle-aged people; for smokers and those who drink a lot; for fans of tanning and sunbeds; for those who play an intense sport and for those who live or work in polluted environments; and for those at risk of cardiovascular problems.

### HOW TO USE IT

1 tablet per day, taken with a little water or other beverage.

### NOTES

One tablet a day provides 100% of the daily requirement of Vitamin A. Do not take during pregnancy.

### PACK

30 tablets

### INGREDIENTS

Nutritional ingredients	1 tablet	% RDA
