

DOUZABOX

Injection/Coated tablets

Instructions for use

Please read carefully.

DOUZABOX is a combination of the three essential neurotropic factors of the vitamin B complex, vitamins B1, B6 and B12. They are indispensable for a normal and coordinated function of the nervous system.

Composition

	Injection	Tablets
	Each ampoule of 2 ml contains:	Each coated tablet contains:
Vitamin B1 (Thiamine hydrochloride)	200 mg	100 mg
Vitamine B6 (Pyridoxine hydrochloride)	50 mg	200 mg
Vitamin B12	1000 mcg	200 mcg
Lidocaine HCL	10 mg	-

Indications

DOUZABOX is indicated for neurological and other disorders associated with disturbance of the metabolic function influenced by vitamin B complex, including diabetic polyneuropathy, alcoholic peripheral neuritis, polyneuropathy of pregnancy and oxaemia of pregnancy, post influenza neuropathies.

DOUZABOX is also recommended for the treatment of neuritis and neuralgia of the spinal nerves, especially facial paresis, cervical syndrome, low back pain, ischialgia, herpes zoster etc.

Side-effects

In very rare cases allergic reactions of the skin may develop.

Interactions with other medicines

Patients under L-dopa medication should not receive drugs containing large quantities of vitamin B6, as the latter leads to a reduction in the L-dopa effect; this applies also to DOUZABOX.

Dosage and administration

Injection: DOUZABOX ampoules are injected intramuscularly (deep intragluteal). In severe cases 1 ampoule daily until the acute symptoms subside. For milder cases and follow-up therapy 2 or 3 ampoules per week.

Tablets: 1 tablet three times daily. Larger doses, if required according to medical instruction. The coated tablets should be swallowed whole unchewed with a little liquid after meals. Tablets can be used for oral medication in injection-intervals, for continuation of current injection therapy, and for the prevention of recidivations.

The duration of treatment should be determined by the physician.

Storage

Store in a cool dry place.

Do not use after the expiry date.

Keep out of reach of children.

Presentation

Ampoules: 6 ampoules of 2 ml per box

Tablets: 20 coated tablets per box
