Tired, heavy and cramped legs are often the result of one-sided stresses caused by standing for a long time or by sitting too much.

So help to care for your legs by regularly giving them a soothing and effective massage with **Cirkulin Leg Balsam**.

This relaxes the legs and takes the strain out of them.

The secret of the Cirkulin care formula is the combination of valuable vegetable substances from horse chestnut, arnica, marigold, camomile and red wine leaves.

**Cirkulin Leg Balsam** is easy to massage into the skin, is quickly absorbed and has a pleasant fragrance.

**Care tip:** Massage your legs with the balsam starting from the heel and working up towards the hollow of the knee. Then put your legs up to heighten the relaxing effect and the feeling of well-being. This puts life and energy back into tired legs.
