

neo HEALAR®

(Herbal antihæmorrhoidal)

ACTION:

neo Healar is a herbal preparation that is composed of naturally occurring plants. neo Healar has anti-inflammatory, astringent and soothing effects. It helps to restore dilated and inflamed veins to the normal condition, consequently the blood resumes its normal circulation and pain subsides gradually. neo Healar also has antiseptic and healing properties, thus accelerating the healing process and relieving the associated pain.

INDICATIONS:

neo Healar is indicated for the treatment of external and internal hæmorrhoids as well as anal fissures. Clinical trials have proved that neo Healar can achieve excellent results even in cases in which surgery was thought to be inevitable.

DOSAGE AND ADMINISTRATION:

Patients are advised not to defecate (if possible) for at least 4 hours after dose administration otherwise the dose should be repeated after defecation.

It is to be noted that constipation and diarrhæa should be avoided during and after treatment along with any harmful physical stress in order to achieve and maintain best results.

ADULTS:

Ointment: One application three times daily for at least three weeks. neo Healar ointment should be applied in sufficient quantities after washing the site. neo Healar ointment may also be applied intra-rectally by using the applicator enclosed within the pack as follows: Attach the applicator to the tube, insert to full extent and squeeze the tube gently from the lower end while withdrawing.

Suppositories: One suppository three times daily for at least three weeks.

PRECAUTIONS:

Safety of use during pregnancy has not been established. neo Healar should be used under close medical supervision in patients with severe concomitant disease and / or malignancy, and in patients with profuse unremitting bleeding.

SIDE EFFECTS:

neo Healar is generally well tolerated. However, it may rarely cause minor transient anal itching which should not warrant the discontinuation of treatment.
