

COMIDA HCys C FORMULA

15 years and over
Food for special medical purposes
For adolescents, adults and pregnant women with Homocystinuria

- ✓ free from methionine
- ✓ supplemented with vitamins, minerals and trace elements
- ✓ provides energy from fat and carbohydrates
- ✓ in accordance with current recommendations
- ✓ is convenient and can be prepared easily (measuring scoop included)

DESCRIPTION

comida-HCys C formula is a amino acid mixture free from methionine. Its amino acid profile is based to that of a mixed diet ensuring supply of high quality protein. comida-HCys C formula is supplemented with vitamins, minerals and trace elements according to current international recommendations.

The source of carbohydrates is maltodextrin, the fat blend from vegetable oils contains the essential fatty acids linoleic acid and α -linolenic acid in accordance with international recommendations.

INDICATIONS

comida-HCys C formula is to be used in the dietary treatment of adolescents, adults and pregnant women over 15 years of age with Homocystinuria – Vitamin B6 non-responsive (due to Cystathionine- β -Synthase deficiency).

RECOMMENDED USE

The daily amount of comida-HCys C formula needed to supplement the daily protein requirements depends on age, body weight and individual tolerance for this amino acid. The dose of comida-HCys C formula is to be determined by a physician and must be adjusted regularly.

comida-HCys C formula should be fed in 3 – 5 doses during the day, preferably together with a natural protein source.

PREPARATION

comida-HCys C formula can be prepared with warm or cold water in a glass, cup or shaker. Add measured amount of powder (2 scoops equal 15 g comida-HCys C formula in 90 ml water) and stir well – comida-HCys C formula is ready to drink!

IMPORTANT NOTICE:

- must be used under medical supervision
- not suitable as sole source of nutrition
- not to be used by individuals without Homocystinuria
- for adolescents, adults and pregnant women over 15 years of age with Homocystinuria
- not suitable for parenteral use
