

HealthAid Sexovit Forte Tablets - (Arginine, Korean Ginseng, Vit E ++)

Sexovit Forte Tablets are a synergistic blend of essential vitamins, minerals and amino acids with ginseng and ginkgo biloba to provide a totally balanced tablet formulation for maximum effect.

HealthAid Sexovit Forte Tablets may be of benefit to:

- Men and women who want to maintain healthy sexual function
- People who may be under pressure with stress, which may interfere with sexual performance
- Ideal for the senior citizens
- Men who wish to improve sperm function and maintain general reproductive health
- Anyone who desires to maintain a healthy nervous system, heart and blood circulation

When Should I Take HealthAid Sexovit Forte Tablets?

Every individual is different therefore, while some may feel an improvement in as little as two weeks others may need more time and higher dosage to notice benefits.

Take one tablet daily for at least four weeks. If maximum results are not achieved an increase to three tablets a day and maintain that intake for another four weeks.

As with any nutritional product, this product should be used in conjunction with an exercise programme and a well-balanced diet.

Recommended Daily Intake of HealthAid Sexovit Forte Tablets:

Adults and children over 16 years of age, one tablet daily, can be increased to three if required. Do not exceed recommended daily intake unless advised by a suitably qualified person.

CAUTION: Please seek professional advice before taking this supplement if you are on any prescribed medication.
