

# GinkgoVital Capsules - HealthAid

**GinkgoVital Capsules** are specially formulated using standardised **Ginkgo Biloba Extract** concentrate with a high level of **Ginkgo flavonoids**, the principle components of the herb, which contributes to the maintenance of normal blood circulation. Healthy blood circulation is vital to our body's good health and well being, as it carries oxygen and other life giving nutrients to the brain and body cells.

## GinkgoVital Capsules may be of benefit to:

- The elderly who need to enhance memory
- Students who are studying for exams
- Anyone who wishes to have optimum memory activity
- Those with poor circulation

## What are GinkoVital® capsules for?

- May help strengthen the nerves and heart muscles
- May protect retina from damage.
- May improve blood flow
- May regulate the tone and elasticity of blood vessels throughout the body networks
- May protect the body against oxidative damage
- May help improve thinking, learning and memory in people with all age group
