

DRAUDEX[®] TABLET

Nasal Decongestant / Antihistamine

Description :

Each **Draudex** allergy coated tablet contains: Phenylephrine HCL 5 mg and Chlorpheniramine maleate 4 mg.

Actions :

Phenylephrine HCL is an oral nasal decongestant and is effective in relieving nasal / sinus congestion. Chlorpheniramine maleate is an antihistamine effective in the control of the runny nose, sneezing, and watery eyes associated with elevated histamine levels in disorders of the respiratory tract.

Indications :

Draudex Tablets provide hours of effective relief of symptoms associated with allergies, hay fever or other upper respiratory problems.

Draudex Tablets are indicated for relief of nasal congestion, sinus pressure, swollen nasal passage, sneezing, runny nose, and watery / itchy eyes. Each tablet is coated for easy swallowing.

Directions :

ADULTS and CHILDREN over 12 years of age : one tablet three times a day or as directed by a physician.

Warnings :
