

# SARNOL<sup>TM</sup>

## LOTION

Sarnol is a soothing lotion for dry, irritated skin.

Sarnol has been developed to leave your skin feeling cool and smooth, and to relieve itching.

Sarnol contains menthol, camphor and benzyl alcohol, which will have a soothing effect on your skin, in a lotion base which is easy to rub in and will not leave your skin feeling greasy.

### **How to use Sarnol:**

You can use Sarnol as often as necessary. Apply liberally and rub gently into your skin.

Avoid contact with your eyes. Sarnol should not be used on the skin of children who are less than 3 years old; use with caution on older children. Avoid direct application to the nostrils.

### **Ingredients:**

Menthol 0.5%, camphor 0.5%, benzyl alcohol 1%.

Petrolatum, cetyl alcohol, stearic acid, PEG monostearate, glyceryl PEG stearate, isopropyl myristate, carbomer, fragrance, water.

Made by Stiefel Laboratories (Ireland) Ltd, Sligo, IRELAND.
