

## SUPPORTS JOINT MOBILITY

### WHAT Hyal-joint® caps IS

Hyal-Joint® caps is a food supplement based on Hyal-Joint® Sodium Hyaluronate specially formulated to provide nutrients to synovial fluid.

Hyaluronic Acid is a natural component of the body that provides viscosity to joint synovial fluid.

Synovial fluid lubricates the joints and reduces friction between cartilage surfaces, supporting joint mobility.

### INDICATION

Hyal-Joint® caps supplementation may help to keep Hyaluronic Acid concentration within a healthy range and therefore may support joint mobility.

### DOSAGE

Adults: Take 1 to 2 capsules per day after meals.

Children: Hyal-Joint® caps is not indicated for children under 18.

### PRESENTATION

30 capsules containing 40 mg Hyal-Joint® in 3 blisters of 10 capsules each.

Nutritional information	Per capsule	Per daily dose:	
		2 capsules (0,69 g)	Per 100 g
Hyal-Joint:	40 mg	80 mg	11,5 g
Sodium Hyaluronate:	24 mg	48 mg	6,89 g
Energy:	0,40 Kcal	0,80 Kcal	114 Kcal
	1,71 KJ	3,42 KJ	494 KJ
Protein:	82,5 mg	165,0 mg	23,85 g
Carbohydrates:	15,7 mg	31,4 mg	4,54 g
