

Food supplement for the eyes

« PROTECTS AGAINST « SENSATIONS » OF DRY EYE »

Lagad Lacrima® is made up of antioxidants, vitamins, minerals and essential fatty acids which help to improve the nutrition of the cornea and help to maintain the quality of the tear film and therefore the overall comfort of the eyes.

Manufacturing Quality

Lagad Lacrima® is manufactured in France in a State of the Art pharmaceutical factory.

Microencapsulated zinc:

Microencapsulation prevents fish oil oxidation

Fish Gelatine: Lagad Vision Softgels are exclusively coated with fish gelatine.

Easy to Swallow – Easy to Digest

The unique es® design and the fish gelatine softness make the Lagad Retina® Softgels particularly easy to swallow.

The extreme quality of the Lagad Vision fish oil, the antioxidant Technology used in order to protect the marine Omega-3 from oxidation give Lagad Retina® Softgels the following properties:

- Odourless Softgels
- Preserved nutritional and organoleptic Quality
- « Good » polyunsaturated fatty acids are not converted into "bad" Trans fatty Acids.

Choice of ingredients & Sustainable Development

All Lagad Lacrima® Softgels ingredients are carefully selected. Our suppliers of ingredients come from High Tech countries with very high Health regulatory standards

Our Quality Labels:

EPAX® : The Lagad Vision Fish oil is manufactured by EPAX AS, a Norwegian company with a worldwide reputation for high-quality.

EPAX is vertically integrated with no need to outsourcing in order to provide a continuous operation ensuring quality control straight from the fishing boat to the finished Omega-3 ingredient.

QualitySilver®

The **QualitySilver®** Technology protects and stabilises PolyUnsaturated fish oil against oxidation in order to preserve the oil nutritional and organoleptic qualities

QualitySilver® Oils are 2 to 13 times more stable than non **QualitySilver®** processed oils.

Friends of the Sea® :

Lagad Vision products are certified by Friends of the Sea. Only fish coming from Sustainable fisheries are allowed to bear the Friends of the Sea® logo. Do not exceed the above recommended daily dosage without medical advice.

Recommended intake:

Two Softgels, once a day, or as directed per medical recommendation, preferably taken during meals with a glass of water. Do not exceed the above recommended daily dosage without medical advice.
